SAMPLE ANSWER • BAND 8

I • Intro (who)	The person who has inspired me most is my cousin Dilnoza, who is now a surgeon at a hospital in Tashkent. She has always been a role model for me, and I'd like to explain why.
P • How I know her	As for how I know her, she's my mother's sister's daughter, so we practically grew up in the same mahalla. She's eight years older than me, which is why I've always looked up to her like an elder sister.
P • What she did	When it comes to what she achieved, she rose from humble beginnings. Her father drove a taxi and money was tight, yet she studied until midnight every day and won a place at medical university. Not only did she graduate with honours, but she also volunteered at a free clinic at weekends. Having seen her give up her free time like that, I realised that success demands real sacrifice.
E • Reason 1	The first reason she inspires me is that she leads by example. She never tells me what to do; she simply shows me. What I admire most about her is that she's still incredibly down-to-earth despite her success.
E • Reason 2	On top of that, she pushed me out of my comfort zone. When I wanted to give up English after failing a mock test, she told me failure was just feedback. If it weren't for her encouragement, I wouldn't be preparing for IELTS today.
W • Wrap-up	So, all in all, Dilnoza has left a lasting impression on me. She proved that you can pursue a dream against all odds, and one day I hope to take a leaf out of her book and help others in the same way.
