SAMPLE CUE CARD

Describe a natural place you have visited.

Describe a natural place you have visited.

You should say:

- where it is
- when you went
- what it looked like
- how you felt there

My 1-minute notes

- Lake Aydar • desert • Navoiy region
- last April • with family • weekend trip
- turquoise water • golden dunes • yurt camp
- stunning sunset • quiet • fresh air
- felt at one with nature
- clear my head • want to return

SAMPLE ANSWER • BAND 8

I • Intro (what)	The natural place I'd like to talk about is Lake Aydar, a huge man-made lake surrounded by desert in the Navoiy region. It is widely regarded as one of the most unusual landscapes in Uzbekistan, and I can see why.
P • Where and when	As for when I went, it was last April, during a long weekend. My family and I drove for about five hours from Tashkent, and no sooner had we arrived than my little cousin ran straight toward the water.
P • What it looked like	When it comes to what it looked like, the scenery was breathtaking. The lake has crystal-clear turquoise water, and around it there are golden dunes rolling as far as you can see. We stayed in a yurt camp, and in the evening we had a picnic of plov while watching a stunning sunset paint the sand orange.
E • Reason 1	There are two reasons why this place stays in my mind. First, it was away from the crowds, so I finally enjoyed some peace and quiet. There was no traffic, only the gentle breeze and the dawn chorus, which I'd never heard so clearly.
E • Reason 2	Second, it helped me feel at one with nature. Having spent months studying indoors, I badly needed to clear my head, and sitting on the dunes at night under thousands of stars put my worries into perspective.
W • Wrap-up	So, all in all, it was a wonderful way to recharge my batteries. What I loved most was that I came home feeling lighter, and I'm already planning another trip there next spring.
